Required Text: Michael H. Moffett, Arthur I, Stonehill & David K. Eiteman,
Fundamentals of Multinational Finance, Pearson Addison Wesley, *Edition IV*,
2012. ISBN: 978-0-13-213807-9

Prerequisites: FIN 3150 and advanced standing in the Business Baccalaureate Program.

Course Objectives: This course would study the obstacles and challenges faced by a firm which is truly multinational in nature. The course will give students an idea of how the problems and challenges faced by a multinational enterprise can be different from the problems and challenges faced by a firm whose operation is totally domestic based. In the process of discussing the global financial management the students will learn how to tackle foreign exchange risk, political risk, cultural and religious differences. They will also learn about the International Monetary System, Components of the Balance of Payments, International Parity Conditions and the Foreign Exchange Market.

Blackboard/Canvas: This course will have a Blackboard/Canvas representation. All work sheets, Assignments and the few Power Point slides that I shall be using in my lectures will be available to the students through Blackboard/Canvas. The slides, work sheets and assignments will be gradually made available to you through Blackboard/Canvas

Grading: There will be 4 short assignments, 4 quizzes, one In-Class exam and a comprehensive final exam. In addition, worksheets will be posted on the web site at regular intervals and you will be required to complete those worksheets in a timely manner. Deadlines for the assignment and the completion of the worksheets will be strictly maintained. Late assignments and worksheets will be accepted but will also be subject to a strict penalty. If you expect a good grade from this course then do not miss any assignments or work Sheets. If there is an extraordinary situation which compels you to miss an exam or assignment, you should report that to me as soon as possible (in most cases, this should be done before the scheduled exam or assignment). A student should not miss the final exam under any circumstances.

Attendance Policy: Throughout the semester, attendance will be monitored. 5% of your grade will depend on your attendance, class participation and instructor's discretion. You will be allowed 3 unexcused absences for the entire semester. For

each additional absence you will end up losing 1% of your point total. You will only be excused from classes if you have a legitimate reason. As the instructor of this class, I shall decide what constitutes a legitimate excuse for missing classes.

Distribution of Points:

Assignments	20 %
Quizzes	10 %
In-class Exam	25 %
Final Exam	30 %
Worksheets	10 %
Attendance and Class Participation	05 %

Total	100 %

You will be given numerical grade for each of the quizzes/assignments or exams you take. This grade, in turn, would have a **letter grade equivalent** as shown below:

90-100 = A	79-77 = B-	66-64 = D+
89-87 = A-	76-73 = C+	63-60 = D
86-83 = B+	72-70 = C	59-57 = D-
82-80 = B	69-67 = C-	Below 57 = F

The final grade that would be assigned for the course may be curved. If so, the grade would be curved down. For example, an 88 can be an “A” or an 85 can be an “A-”.

Tentative Course Outline:

Academic Integrity: All students are expected to act with civility, personal integrity; respect other students' dignity, rights and property; and help create and maintain an environment in which all can succeed through the fruits of their own efforts. An environment of academic integrity is requisite to respect for self and others and a civil community.

Academic integrity includes a commitment to not engage in or tolerate acts of falsification, misrepresentation or deception. Such acts of dishonesty include cheating or copying, plagiarizing, submitting another persons' work as one's own, using Internet sources without citation, fabricating field data or citations, "ghosting" (taking or having another student take an exam), stealing examinations, tampering with the academic work of another student, facilitating other students' acts of academic dishonesty, etc.

Students charged with a breach of academic integrity will receive due process and, if the charge is found valid, academic sanctions may range, depending on the severity of the offense, from F for the assignment to F for the course or even expulsion from the college.

Disability: Students with medical, psychological, learning or other disabilities desiring reasonable academic adjustment, accommodations, or auxiliary aids to be successful in this class will need to contact the DISABILITY RESOURCE CENTER Coordinator (Baako Wahabu) for eligibility determination. Proper documentation of impairment is required in order to receive services or accommodations. DRC is located at the ground floor of the Financial Aid Office. Visit or call 652-7516 to schedule appointment to discuss the process. DRC Coordinator determines eligibility for and authorizes the provision of services.

Your DMAIL Account: Important class and college information will be sent to your Dmail account. This information includes your DSC bill, financial aid/scholarship notices, notification of dropped classes, reminders of important dates and events, and other information critical to your success in this class and at DSC. All DSC students are automatically assigned a Dmail account. If you don't know your user name and password, go to www.dixie.edu and select "Dmail" for complete instructions. You will be held responsible for information sent to your Dmail account, so please check it often.
